NUNLEYS LEAVE TOWER ONLY MINUTES BEFORE—

Drummond Aids In Rescue of UT Sniper Victims

Clif Drummond, a senior at the University of Texas and president of the student body of 26,000, nursed blistered feet Tuesday after getting them burned Monday while running barefoot to rescue victims of a sniper who shot down 12 persons and wounded 31 from the 30 story university tower.

The sniper, Charles Whitman, 25, from the vantage point in the observation tower of the University's main administration building; reigned terror for 90 minutes before being brought down by three policemen, Ramiro Martinez, a former Rotan resident, Houston McCoy, Jerry Day and a civilian volunteer, Allen Crum.

Counting the sniper himself, the day's slaughter totaled 16 persons. Earlier in the day he had killed his mother and his wife. A 16th victim was the unborn baby of a young mother who was wounded in her eighth month of pregnancy.

Drummond, a pharmacy major, related to an associated press writer that he was one of the first to hear the shots. He stripped off his leather-heeled shoes, which he said were "slippery-as-glass on the pavement" and he knew he could not run in them.

He said "at first I thought the noise was from workmen on the tower — they're al

ways up, there. Then I saw people looking up, and I saw some running and screaming. I still didn't believe it was happening until puffs of smoke floated up from the top of the tower.

"Then people began to fall. And I realized I was in the open, an easy target."

He then went into a nearby building where he has his president's office and took off his coat and tie and shoes. He grabbed two white knee-length pharmacy coats to use as bandages.

He ran out of the building on the side away from the sniper, and ran across the

wide street and pulled a boy or young man to the curb, behind a car, as bullets ripped into some of the wooden construction frames and the pavement.

Drummond and another student, Bob Higley Jr. of Austin could hear the shots as they hit the pavement. They put the youth into a car that had pulled up in the street. The youth later died.

The two students then stayed low in the car as it roared around the corner jumped out and into an alley to a sheltering alley. They balance and worked with the crew to continue aiding the victims.

Drummond, 22, was graduated from Hamlin High School in 1961 and entered the University in the fall. He was elected student body president last March with a margin of 2,598 to 1,243 for his opponent. He also worked for the election of President Lyndon B. Johnson as the state co-chairman in 1964 of Young Citizens for Johnson.

He called his parents Mon-

day evening to let them know that he was safe, just terribly shaken and his feet were blistered.

Hamlin Couple In Austin
At 11:25 a.m. Monday a Hamlin couple, Mr. and Mrs. Dewey Nunley, entered the tower at the university.

They are moving to Austin where he will be employed by Air Conditioning, Inc. and Mrs. Nunley wanted to get a University catalog for the fall semester. They stood in line about 15 minutes and were told that the new catalog was not ready yet but a copy might be available at the Cop Book Store.

Mrs. Nunley wanted to go to the top of the tower, but her husband reminded her that he had a 12 o'clock business appointment and they would not have time. They also did not take the time to go to the bookstore and left the tower by the west door and went to their car parked northwest of the tower about one and one-half blocks away.

When they returned to their room, the bulletin concerning the mass killing was on television.

The first shots were reported coming from the tower at 11:48 a.m. It is estimated that he fired 100 shots from the tower, some aimed as far as two blocks away.

Dangers of Handling Agricultural Chemicals Cited by County Agent

Don't relax your guard when using agricultural chemicals. They can enter the body by ingestion, through the respiratory system and in many cases through the skin, explains County agent Kirby Clayton.

A person would not knowingly eat a chemical such as a pesticide, however, failure to remove contaminated clothing and to wash thoroughly prior to eating can result in the ingestion of the chemical on food handled by the individual.

Absorption of the chemical through the respiratory tract can occur by smoking cigarettes that have contacted the chemical on the hands of the individual, says Clayton. Absorption through the respiratory tract can also occur when one is exposed to chemicals in the form of dust, sprays or vapors, explains the county agent. Adequate ventilation will serve to reduce the degree of exposure and the use of a respiratory protection device is a must in many

cases if use hazards are to be minimized, emphasizes the county agent.

He suggests that protective clothing be worn at all times when chemicals are being used. Their use will help prevent contact of the chemical with the skin, either directly or indirectly, or as a result of dust or indirectly through spillage, exposure to sprays contacts with surfaces, equipment and utensils exposed to chemicals.

To prevent accidental poisoning, Clayton offers these suggestions. Read, understand and follow the container instructions; use protective clothing and respirators as directed on the labels; keep soap and water available at all times, they are valuable protective devices; if chemicals are spilled on the skin or clothing, remove the clothing and wash the affected area thoroughly with soap and water; remove contaminated clothing upon completion of the chemical use and scrub with soap and water; place contaminated clothing, equipment and unused chemicals in an area inaccessible to humans and animals and dispose of unused chemicals and "empty" chemical containers immediately and in the prescribed manner.

And always remember, emphasizes the county agent, the safe use of agricultural chemicals is largely in the hands of the person who uses them.

WTCC to Present Community Service Award At Meet

The West Texas Chamber of Commerce will honor a West Texas newspaper on Saturday, Aug. 6, as it presents its annual Community Service Award at a special breakfast during the West Texas Press Association meeting.

The Community Service Award is to honor the weekly newspaper in West Texas that has done the most to provide leadership and encourage community service projects.

This year the award will be presented by R. W. Hardy of Abilene, vice president of the WTCC and president of West Texas Utilities Company, John Ben Shepperd of Odessa, President of the West Texas Chamber, will also be on hand and will speak on the Potentials for Progress — the project on which the West Texas Chamber has been working on so diligently for the past three months. The Chamber has thoroughly investigated the growth potentials in West Texas and is now taking steps to put them into action. Mr. Shepperd is expected to ask the cooperation of West Texas newspapers in helping translate the Potentials for Progress into reality in the West Texas area.

A feature of the San Angelo breakfast, to be held at the El Patio Motor Hotel, will be the menu. It will consist entirely of products grown or processed in West Texas, Shepperd said.

Bollweevil Damage Continues to Show In County Fields

Bollweevil damage continues to show up in most all 28 cotton fields being checked by the survey team in Jones county according to Kirby Clayton, Jones County Agent. Seven of the 28 fields showed an infestation ranging from 327-981 weevils per acre.

Farmers who have poisoned with phosphate type compounds show a reduced bollweevil infestation, but also show an increase of boll worms and plant lice, says Clayton.

The survey team sponsored by the Rolling Plains Cotton Growers, Inc. check 28 fields in Jones County once each week and report findings to the local county agent, area entomologist, and to the forming checked.

The team spend 4 days out of every week in Jones County and the remaining day in Shackelford and Callahan counties.

Cheerleaders Return from Tech Five-Day Clinic

Cheryl Walton, Geneva Ward, Kathy, Helen Moore, and June Hill returned Friday from a five-day cheerleading clinic at Texas Tech, Lubbock.

Approximately 625 cheerleaders representing 125 schools in Texas, Colorado, Oklahoma, and New Mexico learned new cheers, pom-pom routines, gymnastics and attended lectures on the different attributes of cheerleading.

The cheerleaders also took part in cheer competition each night.

A one hour pep rally and talent show was staged Thursday evening.

The Hamlin group came back with two ribbons, an honorable mention and a third place, but they received their highest honor on the first night of competition when they were presented the spirit stick, a token of "genuine spirit," the highest honor attainable.

All girls interested in being in the Pep Squad are asked to meet with the cheerleaders and majorettes Tuesday at 4 p. m. in front of the high school.

Winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge club were Mr. and Mrs. Henry Albritton, first; Preston Morrow of Rotan and Mrs. Nat Wash of Stamford, second; Mrs. Ray Sonnenburg and Mrs. R. H. McCurdy, third.

New Car Insurance Penalty Plan In Effect

Austin — How you drive that automobile during the next 12 months will determine what you pay for car insurance a year from now.

Traffic violations, as well as accidents, will appear on your experience record and will count against you.

New plan designed by the State Board of Insurance will hit where it hurts the most — the purse.

Or conversely, if you care to look at it that way, it will lighten the load on those who are penalized by higher rates because of the carelessness of others. And that's the way it really is, since some kind of increase is necessary.

Penalty points now are be-

ing assessed motorists for accidents and major violations including speeding.

One penalty point will mean a 15 per cent hike, two points 35 per cent, three points 60 per cent and four or more points 90 per cent.

Major violations — like driving while intoxicated, negligent homicide, hit and run or felony driving offenses — will cost drivers three points.

Two points will be assessed for driving while a license is suspended or for violations resulting in suspension.

One point will be charged for accidents where there is injury or death — or property damage over \$50 — and for speeding. Speeding points are not counted until after one or two "free convictions" in the preceding year or three years.

After 1969, penalties will be based on driving records over a 36-month period.

Twelve exceptions to the "point" rule are listed, however, and one of them includes accidents in which the driver is not at fault.

Unlike the old retroactive, statewide plan of 1960-62 which created so much controversy, the current plan is based on experience in 26 separate rating territories and considers no offenses prior to August 1.

Maberry Reunion Planned Sunday In Sweetwater

Friends and relatives are invited to attend the all day event. A covered dish luncheon is scheduled at noon.

Swimming, tennis and playground equipment will be available for the younger visitors.

Week's Rainfall Totals .23 Inches

Heavy clouds which hung over Hamlin Tuesday released only .08 inches of moisture during the day to be added to the .10 that had fallen before 8 a.m.

Last Saturday .05 inches was recorded bringing the week's total to .23.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas as so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters. **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term "qualified elector" as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided, further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

tering such service so long as he or she is a member of the Armed Forces."

Sec. 2. That Section 4 of Article VI of the Constitution of the State of Texas be amended by changing the word "may" to "shall" in the last clause thereof and by deleting the words "in all cities containing a population of ten thousand inhabitants or more."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 4. In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box; and the Legislature shall provide by law for the registration of all voters in all cities containing a population of ten thousand inhabitants or more."

Sec. 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWELVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution. **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows: "Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all

the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxpayers electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxing voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

(1) determining the desire of a majority of the qualified voters within the district to dissolve it;

(2) disposing of or transferring the assets, if any, of the district; and

(3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts."

"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
I refuse to comment on the weather this morning other than to say that I have been wondering if the man that had walked across Death Valley, Calif., recently, would be interested in trying Texas?
News is scarcer this week than in a long time, one thing people do not go any more

than is necessary and another is that I did not contact too many people. Church attendance has been pitiful the last two Sundays, lets hope that all get back in services again.

The tri-church W. M. U. met at Neinda, last Wednesday with two churches represented. A good program was

given on the Mormon religion, the only thing wrong was such a few there. Neinda had three women and Fairview three, with three children present. This next meeting will be the brotherhood and ladies combined meetings, with the Neinda church. Wednesday night, Aug. 10, at 7:30. Let's hope that one turns out better than the last night meeting did, as far as attendance went.

Mr. and Mrs. Woodrow Goodwin and Linda, are in Sacramento, Calif. where they are visiting his brother, Mr. and Mrs. Ab Goodwin. They left last Wednesday morning and will be gone a week or more.

Mr. and Mrs. Winson Gray enjoyed a visit last week with her brother and sister, most of the week. The brother, Mr. and Mrs. Melvin Parish and two children, came from San Diego, Calif., the sister, Mrs. John Stevens and two sons reside in Stockton, Calif. It seems that they all came from Stockton, after the brother had gone there to visit the sister.

Rev. and Mrs. Babb were Wednesday night visitors of the Rosenbaums and the H. L. Fords.

Mr. and Mrs. Joe Bonds Jr., who have been living in the Propst house, have moved to Hamlin.

Mr. and Mrs. Dale Lain were visitors of the H. L. Fords, Sunday afternoon.

Mr. and Mrs. Delbert Martindale, Marlin, Bryan and BnethkaLu Blake, spent Thursday afternoon and night with her uncle, Mr. and Mrs. Elmer Joiner. They were on the last lap of their trip from Oregon, enroute home to Beeville, Texas.

Oliver Joiner, brother of Elmer Joiner, a resident of Brawley, Calif., is reported to be in a serious condition as a result of emphysema. He is not hospitalized, but his condition is such that he might have to be at any time.

Our revival time is but two weeks away, lets all hope we get some cooler weather before then. Our church is cool, so do not let that keep you away. Let's not forget the date, August 12-21, remember to attend.

Files Bankruptcy
Dewey George Nunley, contractor, filed a voluntary bankruptcy petition Thursday in federal court in Abilene, listing debts of \$62,299 and assets of \$25,899.

It Takes a Lot to Satisfy

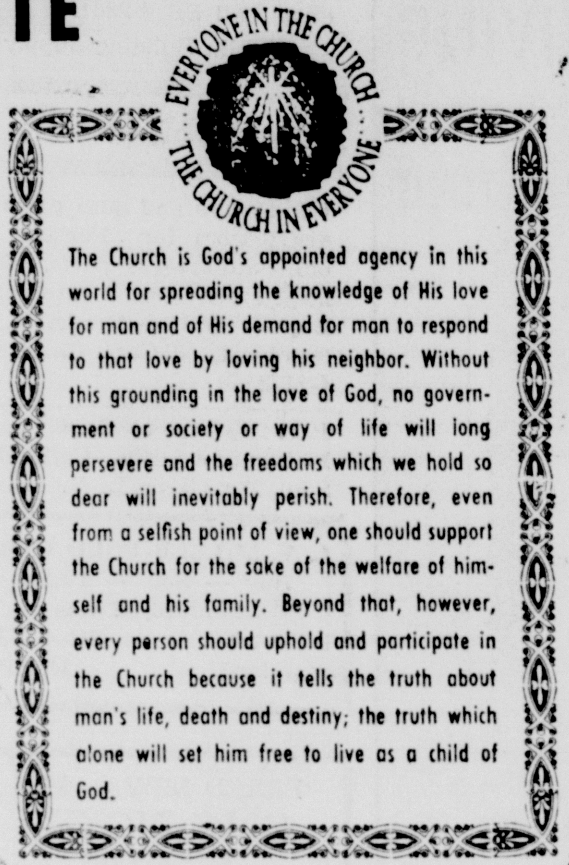

A HEALTHY APPETITE

Anyone that has ever tried to fill the bottomless pits of growing boys will tell you that it is practically an impossibility. Yet we must continue to feed them so that they will continue to grow

With the right kind of encouragement from parents, these boys will develop a hunger for God's word. Take them to church Sunday where they may study and learn more of God's word.

"Blessed are they which do hunger and thirst after righteousness: for they shall be filled."

Coleman Adv. Serv.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SYLVESTER NEWS...

By Mrs. R. M. Babb
We missed another good chance for a rain but guess we will wait our turn and not get too impatient.

Mrs. Glendon Early was honored with a gift Tea in Rotan last Friday night. They received many nice gifts.

Glendon and Ann have been married for over a month and I am sorry I haven't gotten the entire story, however we do wish them every happiness in the world.

Miss Janice Green bride-elect of Jerry FitzSimmons was honored with a shower one day last week in the home of Mrs. Waldo Gatewood. Janice will be married this week end.

We were by the hospital last night (Sunday) and Mrs. Scott was feeling much better, but she has really been sick.

Mrs. Charles Scott is spending a few days in San Antonio with her sister, Mrs. Jobe was here for several days and Allie returned home with her.

Mr. and Mrs. Waldo Gatewood were walking on air in the Hamlin Hospital when I saw them last Saturday afternoon. Reason? O yes, they were so very proud of Michael Chad Terry, he had arrived on the past Thursday. He is the son of Mike and Joan Terry of Roby. He is a good looking youngster.

Mrs. Mary Ellen Tanner of Abilene spent the weekend with her daughter's family, the Ken Leverett's and attended Sunday School and church with them.

Last Tuesday and Wednesday of last week, Master Kelly Leverett celebrated his first

birthday and he just went to his grandmother's and great grandmothers and really had a birthday party. Happy Birthday Kelly!

Buddy Williams spent the weekend with his mother, Gladys Williams.

Mr. and Mrs. Woodford Pursley accompanied the Robert Reeds to the Church of Christ revival in Roby last week. Also attending services during the week were Mr. and Mrs. Arch Griffin, and Mrs. M. D. Douglas.

On Thursday of last week our water pressure got real low then no water and of course our water board got busy and really hunted the reason for it. They found where the break was. I guess J. P. Maberry needed water for his cattle and horses! No, every one knows J. P. better than that. The line had broken on the hill by his tank and had run the tank full and was flowing the Jeffrey boys cotton. After all we never waste any thing and always try to use every thing to an advantage. Every thing is O. K. now.

Mr. and Mrs. W. B. Brown drove to Sweetwater on Saturday night and got their grandson, Bobby Deel, so he could spend the night with them. They took him to his other grandparents the Pete Deels on Sunday so he could stay with them. Bobby lives in Levelland, Texas.

Mrs. J. J. Self has returned to Lubbock with her daughter as she still isn't well enough to stay alone.

Mrs. Ben Newhouse and daughter of Abilene visited with Mrs. Lena Tindal on Saturday.

Mrs. Martha Hood had a specialist in Big Spring check her eyes and he didn't give her much encouragement as he said there wasn't any thing he could do for it.

Mr. and Mrs. Woodford Pursley drove with her daughter and grandchildren to Six Flags over Texas on Saturday and Sunday. I am quite sure the grandchildren had a marvelous time but I just wonder how grandma and grandpa felt after such a trip?

Lt. Jimmy Lanning has been transferred from the Engineers to the Infantry in Viet Nam and is in a bad place. Please everyone remember Jimmy in our prayers.

Mr. and Mrs. Woodrow Lawlis spent a couple of days in Big Spring visiting with their daughter and husband, Mike and Kay Dobbs.

Lee Lanning will be careful from now on where he plants his fist. As a result of hitting a bill board, he has worn a cast on his hand for four weeks and found Saturday he will have to wear it another two weeks. Lee, did you remember the hay that was to be hauled in?

Mrs. Freddie Kiser and Christi attended church at the Baptist Church on Sunday night. The Kiser's are now living in Trent.

Keith Rowland Named County 4-H Gold Star Boy

Keith Rowland, son of Mr. and Mrs. Brad Rowland of Anson has been named Jones County 4-H Gold Star boy for 1966, according to Jones County Agent Kirby Clayton.

Keith has been a very active 4-H member, says Clayton, with a wide variety of projects, demonstrations and other community, church and related activities. He has been president of his club and has been active in 4-H camping activities.

of the new Christians in Malaysia.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER FIFTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting the blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE
LEGISLATURE OF THE
STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitation and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitation and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

thorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Dangers of Handling Agricultural Chemicals Cited by County Agent

Don't relax your guard when using agricultural chemicals. They can enter the body by ingestion, through the respiratory system and in many cases through the skin, explains County agent Kirby Clayton.

A person would not knowingly eat a chemical such as a pesticide, however, failure to remove contaminated clothing and to wash thoroughly prior to eating can result in the ingestion of the chemical on food handled by the individual.

Absorption of the chemical through the respiratory tract can occur by smoking cigarettes that have contacted the chemical on the hands of the individual, says Clayton. Absorption through the respiratory tract can also occur when one is exposed to chemicals in the form of dust, sprays or vapors, explains the county agent. Adequate ventilation will serve to reduce the degree of exposure and the use of a respiratory protection device is a must in many

cases if use hazards are to be minimized, emphasizes the county agent.

He suggests that protective clothing be worn at all times when chemicals are being used. Their use will help prevent contact of the chemical with the skin, either directly or indirectly, or as a result of or dust or indirectly through spillage, exposure to sprays contacts with surfaces, equipment and utensils exposed to chemicals.

To prevent accidental poisoning, Clayton offers these suggestions. Read, understand and follow the container instructions; use protective clothing and respirators as directed on the labels; keep soap and water available at all times, they are valuable protective devices; if chemicals are spilled on the skin or clothing, remove the clothing and wash the affected area thoroughly with soap and water; remove contaminated clothing upon completion of the chemical use and scrub with soap and water; place contaminated clothing, equipment and unused chemicals in an area inaccessible to humans and animals and dispose of unused chemicals and "empty" chemical containers immediately and in the prescribed manner.

And always remember, emphasizes the county agent, the safe use of agricultural chemicals is largely in the hands of the person who uses them.

Moore Injured In Wreck Monday

Mr. and Mrs. W. C. Moore Sr. are hospitalized at Hamlin Memorial Hospital for injuries sustained in a three-vehicle accident at the intersection of Highways 92 and 277 1.8 miles south of Stamford Monday at 6:30 p.m.

They suffered facial lacerations. Ocie Renfrow, highway patrolman, was the investigating officer. He reported that the car driven by Moore, had started across Highway 92 when it was in collision with a car driven by Phillip Green of Lueders.

The Moore car was knocked into a pickup truck driven by Weldon Walker of Stamford as it was stopped for the stop sign. Green and Walker were not injured.

Mrs. Lee Ward and daughters, Geneva, and Mrs. Sam Slaughter, and granddaughter, Shawn Slaughter, spent the weekend in Fletcher Okla., where her son, Rev. Marvin Ward, was engaged in a youth revival. He is a student at Oklahoma Baptist University in Shawnee, Okla.

NUNLEYS LEAVE TOWER ONLY MINUTES BEFORE—

Drummond Aids In Rescue of UT Sniper Victims

Clif Drummond, a senior at the University of Texas and president of the student body of 26,000, nursed blistered feet Tuesday after getting them burned Monday while running barefoot to rescue victims of a sniper who shot down 12 persons and wounded 31 from the 30 story university tower.

The sniper, Charles Whitman, 25, from the vantage point in the observation tower of the University's main administration building; reigned terror for 90 minutes before being brought down by three policemen, Ramiro Martinez, a former Rotan resident, Houston McCoy, Jerry Day and a civilian volunteer, Allen Crum.

Counting the sniper himself, the day's slaughter totaled 16 persons. Earlier in the day he had killed his mother and his wife. A 16th victim was the unborn baby of a young mother who was wounded in her eighth month of pregnancy.

Drummond, a pharmacy major, related to an associated press writer that he was one of the first to hear the shots. He stripped off his leather-heeled shoes, which he said were "slippery-as-glass on the pavement" and he knew he could not run in them.

He said "at first I thought the noise was from workmen on the tower — they're al

ways up there. Then I saw people looking up, and I saw some running and screaming. I still didn't believe it was happening until puffs of smoke floated up from the top of the tower.

"Then people began to fall. And I realized I was in the open, an easy target."

He then went into a nearby building where he has his president's office and took off his coat and tie and shoes. He grabbed two white knee-length pharmacy coats to use as bandages.

He ran out of the building on the side away from the sniper, and ran across the

wide street and pulled a boy or young man to the curb, behind a car, as bullets ripped into some of the wooden construction frames and the pavement.

Drummond and another student, Bob Higley Jr. of Austin could hear the shots as they hit the pavement. They put the youth into a car that had pulled up in the street. The youth later died.

The two students then stayed low in the car as it roared around the corner jumped out and into an alley to a sheltering alley. They balance and worked with the crew to continue aiding the victims.

Drummond, 22, was graduated from Hamlin High School in 1961 and entered the University in the fall. He was elected student body president last March with a margin of 2,598 to 1,243 for his opponent. He also worked for the election of President Lyndon B. Johnson as the state co-chairman in 1964 of Young Citizens for Johnson.

He called his parents Mon-

day evening to let them know that he was safe, just terribly shaken and his feet were blistered.

Hamlin Couple In Austin
At 11:25 a.m. Monday a Hamlin couple, Mr. and Mrs. Dewey Nunley, entered the tower at the university.

They are moving to Austin where he will be employed by Air Conditioning, Inc. and Mrs. Nunley wanted to get a University catalog for the fall semester. They stood in line about 15 minutes and were told that the new catalog was not ready yet but a copy might be available at the Cop Book Store.

Mrs. Nunley wanted to go to the top of the tower, but her husband reminded her that he had a 12 o'clock business appointment and they would not have time. They also did not take the time to go to the bookstore and left the tower by the west door and went to their car parked northwest of the tower about one and one-half blocks away.

When they returned to their room, the bulletin concerning the mass killing was on television.

The first shots were reported coming from the tower at 11:48 a.m. It is estimated that he fired 100 shots from the tower, some aimed as far as two blocks away.

Bollweevil Damage Continues to Show In County Fields

Bollweevil damage continues to show up in most all 28 cotton fields being checked by the survey team in Jones county according to Kirby Clayton, Jones County Agent. Seven of the 28 fields showed an infestation ranging from 327-981 weevils per acre.

Farmers who have poisoned with phosphate type compounds show a reduced bollweevil infestation, but also show an increase of boll worms and plant lice, says Clayton.

The survey team sponsored by the Rolling Plains Cotton Growers, Inc. check 28 fields in Jones County once each week and report findings to the local county agent, area entomologist, and to the forming checked.

The team spend 4 days out of every week in Jones County and the remaining day in Shackelford and Callahan counties.

New Car Insurance Penalty Plan In Effect

Austin — How you drive that automobile during the next 12 months will determine what you pay for car insurance a year from now.

Traffic violations, as well as accidents, will appear on your experience record and will count against you.

New plan designed by the State Board of Insurance will hit where it hurts the most — the purse.

Or, conversely, if you care to look at it that way, it will lighten the load on those who are penalized by higher rates because of the carelessness of others. And that's the way it really is, since some kind of increase is necessary.

Penalty points now are be-

ing assessed motorists for accidents and major violations ... including speeding. One penalty point will mean a 15 per cent hike, two points 35 per cent, three points 60 per cent and four or more points 90 per cent.

Major violations — like driving while intoxicated, negligent homicide, hit and run or felony driving offenses — will cost drivers three points. Two points will be assessed for driving while a license is suspended or for violations resulting in suspension.

One point will be charged for accidents where there is injury or death — or property damage over \$50 — and for speeding. Speeding points are not counted until after one or two "free convictions" in the preceding year or three years.

After 1969, penalties will be based on driving records over a 36-month period.

Twelve exceptions to the "point" rule are listed, however, and one of them includes accidents in which the driver is not at fault.

Unlike the old retroactive, statewide plan of 1960-62 which created so much controversy, the current plan is based on experience in 26 separate rating territories and considers no offenses prior to August 1.

Wilemon Reunion Planned Aug. 14

Week's Rainfall Totals .23 Inches

Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas as so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters. **BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost, such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

"provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

language underscored: "Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost, such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of en-

tering such service so long as he or she is a member of the Armed Forces."

Section 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Section 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR repealing the poll tax as a requirement for voting."
"AGAINST repealing the poll tax as a requirement for voting."

Section 5. If the foregoing Amendment is adopted, the proclamation of the Governor declaring the adoption of the Amendment shall set forth the full text of the amended Sections, as amended herein and as amended by any other proposed Amendment which is submitted by the 59th Legislature and which has been duly adopted prior to such proclamation.

Section 6. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWELVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows: "Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all

the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxing electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

(1) determining the desire of a majority of the qualified voters within the district to dissolve it;

(2) disposing of or transferring the assets, if any, of the district; and

(3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts."
"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
I refuse to comment on the weather this morning other than to say that I have been wondering if the man that had walked across Death Valley, Calif., recently, would be interested in trying Texas?
News is scarier this week than in a long time, one thing people just do not go any more

than is necessary and another is that I did not contact too many people. Church attendance has been pitiful the last two Sundays, lets hope that all get back in services again.
The tri-church W. M. U. met at Neinda, last Wednesday with two churches represented. A good program was

given on the Mormon religion, the only thing wrong was such a few there. Neinda had three women and Fairview three, with three children present. The next meeting will be the brotherhood and ladies combined meetings, with the Neinda church, Wednesday night, Aug. 10, at 7:30. Let's hope that one turns out better than the last night meeting did, as far as attendance went.
Mr. and Mrs. Woodrow Goodwin and Linda, are in Sacramento, Calif. where they are visiting his brother, Mr. and Mrs. Ab Goodwin. They left last Wednesday morning and will be gone a week or more.

Mr. and Mrs. Winson Gray enjoyed a visit last week with her brother and sister, most of the week. The brother, Mr. and Mrs. Melvin Parish and two children, came from San Diego, Calif., the sister, Mrs. John Stevens and two sons reside in Stockton, Calif. It seems that they all came from Stockton, after the brother had gone there to visit the sister.
Rev. and Mrs. Babb were Wednesday night visitors of the Rosenbaums and the H. L. Fords.

Mr. and Mrs. Joe Bonds Jr., who have been living in the Propst house, have moved to Hamlin.

Mr. and Mrs. Dale Lain were visitors of the H. L. Fords, Sunday afternoon.

Mr. and Mrs. Delbert Martindale, Marlin, Bryan and BnethkaLu

Blake, spent Thursday afternoon and night with her uncle, Mr. and Mrs. Elmer Joiner. They were on the last lap of their trip from Oregon, enroute home to Beeville, Texas.

Oliver Joiner, brother of Elmer Joiner, a resident of Brawley, Calif., is reported to be in a serious condition as a result of emphysema. He is not hospitalized, but his condition is such that he might have to be at any time.

Our revival time is but two weeks away, lets all hope we get some cooler weather before then. Our church is cool, so do not let that keep you away. Let's not forget the date, August 12-21, remember to attend.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 39 proposing an amendment to Section 18, Article VII, Constitution of the State of Texas, to withdraw Arlington State College from participation in the Permanent University Fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 18, Article VII, Constitution of the State of Texas, be amended to read as follows:
"Section 18. For the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for the Texas A & M University System, including Texas A & M University, Prairie View Agricultural and Mechanical College of Texas at Prairie View, Tarleton State College at Stephenville, Texas Agricultural Experiment Stations, Texas Agricultural Extension Service, Texas Engineering Experiment Station at College Station, Texas Engineering Extension Service at College Station, and the Texas Forest Service, the Board of Directors is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of one-third (1/3) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any part of the Texas A & M University System, except at and for the use of the general academic institutions of said System, namely, Texas A & M University, and Prairie View A & M College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval; and for the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for The University of Texas System, includ-

ing The Main University of Texas at Austin, The University of Texas Medical Branch at Galveston, The University of Texas Southwestern Medical School at Dallas, The University of Texas Dental Branch at Houston, Texas Western College of The University of Texas at El Paso, The University of Texas M. D. Anderson Hospital and Tumor Institute at Houston, The University of Texas Postgraduate School of Medicine, The University of Texas School of Public Health, McDonald Observatory at Mount Locke, and the Marine Science Institute at Port Aransas, the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds and notes not to exceed a total amount of two-thirds (2/3) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any institution of The University of Texas System, except at and for the use of the general academic institutions of said System, namely, The Main University, and Texas Western College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than thirty (30) years from their respective dates.

"The Texas A & M University System and all of the institutions constituting such System as hereinabove enumerated, and The University of Texas System, and all of the institutions constituting such System as hereinabove enumerated, shall not receive any General Revenue funds for the acquiring or constructing of buildings or other permanent improvements, except in case of fire, flood, storm, or earthquake occurring at such institution, in which case

an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of General Revenue funds.

"Said Bonds are severally authorized to pledge the whole or any part of the respective interests of Texas A & M University and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable. This Amendment shall be self-enacting provided, however, that nothing herein shall be construed as impairing any obligation heretofore created by the issuance of any outstanding notes or bonds under this Section by the respective Boards prior to the adoption of this Amendment but any such outstanding notes or bonds shall be paid in full, both principal and interest, in accordance with the terms of such contracts."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment withdrawing Arlington State College from participation in the Permanent University Fund."

"AGAINST the Constitutional Amendment withdrawing Arlington State College from participation in the Permanent University Fund."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the constitution and laws of this state.

It Takes a Lot to Satisfy

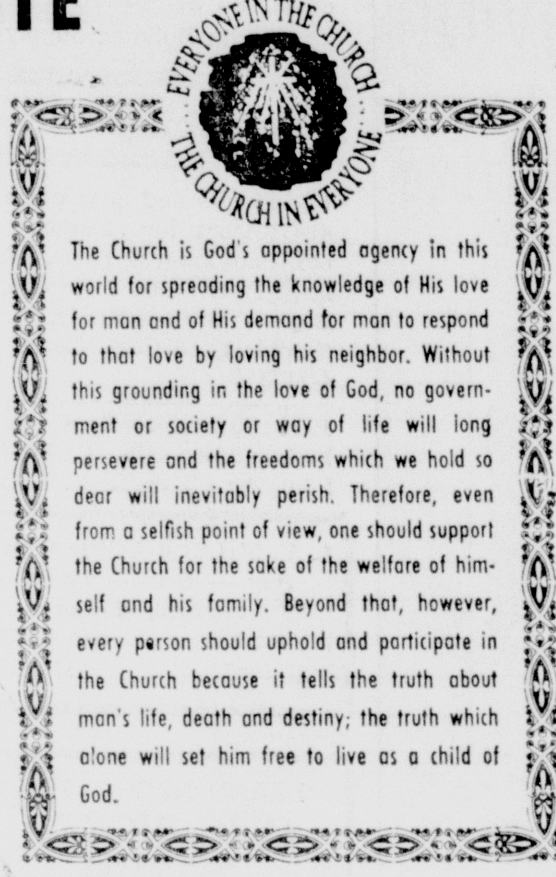

A HEALTHY APPETITE

Anyone that has ever tried to fill the bottomless pits of growing boys will tell you that it is practically an impossibility. Yet we must continue to feed them so that they will continue to grow

With the right kind of encouragement from parents, these boys will develop a hunger for God's word. Take them to church Sunday where they may study and learn more of God's word.

"Blessed are they which do hunger and thirst after righteousness: for they shall be filled."

Coleman Adv. Serv.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SYLVESTER NEWS...

By Mrs. R. M. Babb
We missed another good chance for a rain but guess we will wait our turn and not get too impatient.

Mrs. Glendon Early was honored with a gift Tea in Rotan last Friday night. They received many nice gifts.

Glendon and Ann have been married for over a month and I am sorry I haven't gotten the entire story, however we do wish them every happiness in the world.

Miss Janice Green bride-elect of Jerry FitzSimmons was honored with a shower one day last week in the home of Mrs. Waldo Gatewood. Janice will be married this week end.

We were by the hospital last night (Sunday) and Mrs. Scott was feeling much better, but she has really been sick.

Mrs. Charles Scott is spending a few days in San Antonio with her sister, Mrs. Jobe was here for several days and Allie returned home with her.

Mr. and Mrs. Waldo Gatewood were walking on air in the Hamlin Hospital when I saw them last Saturday afternoon. Reason? O yes, they were so very proud of Michael Chad Terry, he had arrived on the past Thursday. He is the son of Mike and Joan Terry of Roby. He is a good looking youngster.

Mrs. Mary Ellen Tanner of Abilene spent the weekend with her daughter's family, the Ken Leverett's and attended Sunday School and church with them.

Last Tuesday and Wednesday of last week, Master Kelly Leverett celebrated his first

birthday and he just went to his grandmother's and great grandmothers and really had a birthday party, Happy Birthday Kelly!

Buddy Williams spent the weekend with his mother, Gladys Williams.

Mr. and Mrs. Woodford Pursley accompanied the Robert Reeds to the Church of Christ revival in Roby last week. Also attending services during the week were Mr. and Mrs. Arch Griffin, and Mrs. M. D. Douglas.

On Thursday of last week our water pressure got real low then no water and of course our water board got busy and really hunted the reason for it. They found where the break was. I guess J. P. Maberry needed water for his cattle and horses! No, every one knows J. P. better than that. The line had broken on the hill by his tank and had run the tank full and was flowing the Jeffrey boys cotton. After all we never waste any thing and always try to use every thing to an advantage. Every thing is O. K. now.

Mr. and Mrs. W. B. Brown drove to Sweetwater on Saturday night and got their grandson, Bobby Deel, so he could spend the night with them. They took him to his other grandparents the Pete Deels on Sunday so he could stay with them. Bobby lives in Levelland, Texas.

Mrs. J. J. Self has returned to Lubbock with her daughter as she still isn't well enough to stay alone.

Mrs. Ben Newhouse and daughter of Abilene visited with Mrs. Lena Tindal on Saturday.

Mrs. Martha Hood had a specialist in Big Spring check her eyes and he didn't give her much encouragement as he said there wasn't any thing he could do for it.

Mr. and Mrs. Woodford Pursley drove with her daughter and grandchildren to Six Flags over Texas on Saturday and Sunday. I am quite sure the grandchildren had a marvelous time but I just wonder how grandma and grandpa felt after such a trip?

Lt. Jimmy Lanning has been transferred from the Engineers to the Infantry in Viet Nam and is in a bad place. Please everyone remember Jimmy in our prayers.

Mr. and Mrs. Woodrow Lawlis spent a couple of days in Big Spring visiting with their daughter and husband, Mike and Kay Dobbs.

Lee Lanning will be careful from now on where he plants his fist. As a result of hitting a bill board, he has worn a cast on his hand for four weeks and found Saturday he will have to wear it another two weeks. Lee, did you remember the hay that was to be hauled in?

Mrs. Freddie Kiser and Christi attended church at the Baptist Church on Sunday night. The Kiser's are now living in Trent.

Keith Rowland
Named County 4-H Gold Star Boy

Keith Rowland, son of Mr. and Mrs. Brad Rowland of Anson has been named Jones County 4-H Gold Star boy for 1966, according to Jones County Agent Kirby Clayton.

Keith has been a very active 4-H member, says Clayton, with a wide variety of projects, demonstrations and other community, church and related activities. He has been president of his club and has been active in 4-H camping activities.
